Barclays Capital

05 October 2006

The Bank accepts responsibility for the information contained in these Final Terms.

Each investor (a **Noteholder**) by purchasing the Notes shall be deemed to have made its own independent investigations and assessment of (i) the Notes, (ii) the Warrants into which the Notes may be exchanged (the **Warrants**), (iii) the Preference Shares for which the Warrants are exercisable (the **Preference Shares** and, together with the Notes and the Warrants, the **Securities**) and (iv) the index, commodity, fund or other underlying product to which the return on the Securities is linked (the **Underlying**) and the performance of the Underlying. Furthermore, neither the Bank nor Barclays Capital (Cayman) Limited (**BCCL**) is, and nor shall either of them be deemed to be, giving any assurances regarding the prospects or performance of the Underlying.

All information herein regarding the Nikkei 225 Index is derived from publicly available sources.

The Nikkei 225 Index (the **Nikkei Index**) is a stock index sponsored by *Nihon Keizai Shimbun, Inc.* (the **Nikkei Sponsor**) that measures the composite price performance of selected Japanese stocks. The Nikkei Index is currently based on 225 underlying stocks (the **Underlying Stocks**) trading on the Tokyo Stock Exchange representing a broad cross section of Japanese industries. All 225 underlying stocks are stocks listed in the First Section of the Tokyo Stock Exchange, which are among the most actively traded stocks.

Calculation of the Index

The Nikkei Index is a modified, price-weighted index (i.e. an Underlying Stock's weight in the Nikkei Index is based on its price per share rather than the total market capitalisation of the issuer). The stock prices used in the calculation of the Nikkei Index are those reported by a primary market for the Underlying Stocks; the level of the Nikkei Index is calculated continuously during trading hours. Underlying Stocks may be deleted or added by the Nikkei Sponsor. However, to maintain continuity in the Nikkei Index, the policy of the Nikkei Sponsor is generally not to alter the composition of the Underlying Stocks except when an Underlying Stock is deleted in accordance with established criteria. The divisor in the formula used in calculating the Nikkei Index may be adjusted in the event of certain changes due to non-market factors affecting the Underlying Stocks, such as the addition or deletion of stocks, substitution of stocks, stock dividends, stock splits or distributions of assets to stockholders.

The Nikkei 225 Index is currently updated each minute of the day, from 9.00am to 11.00a.m. and from 12.30 p.m. to 15.00 p.m. (Tokyo time), in order to provide accurate information on a continuous real time basis. The level of the Nikkei 225 Index appears, *inter alia*, on Reuters page .N225.

Disclaimer

The Nikkei Index is currently sponsored by Nihon Keizai Shimbun, Inc. (the Nikkei Sponsor). This transaction is not in any way sponsored, endorsed or promoted by the Nikkei Sponsor. The Nikkei Sponsor has no obligation to take the needs of either party into consideration in composing, determining or calculating the Nikkei Index (or causing the Nikkei Index to be calculated). In addition, the Nikkei Sponsor makes no warranty or representation whatsoever, express or implied, as to the results to be obtained from the use of the Nikkei Index and/or the level at which the Nikkei Index stands at any particular time on any particular day or otherwise, and shall not be liable whether in negligence or otherwise, to either party for any error in the Nikkei Index or under any obligation to advise either party of any error therein.

Each investor by purchasing the Notes shall be deemed to acknowledge its understanding and acceptance on the date on which it purchases the Notes and so becomes a Noteholder that (a) it is acting for its own account and it has made its own independent decision to purchase the Notes or a direct or indirect interest (including by way of participation) in the Notes and as to whether such a holding is appropriate or proper for it based

upon its own judgment and upon advice from such advisers as it has deemed necessary; (b) it is not relying on any communication (written or oral) of the Bank or any affiliate thereof as investment advice or as a recommendation to purchase the Notes or a direct or indirect interest (including by way of participation) in the Notes; (c) it is capable of assessing the merits of and understanding (on its own behalf or through independent professional advice), and understands and accepts, the terms, conditions and risks of holding the Notes and, if exchanged, the Warrants and, if exercised, the Preference Shares or a direct or indirect interest (including by way of participation) in the same; and (d) neither the Bank nor any affiliate thereof is acting as a fiduciary for or an adviser to it in respect of the Securities. Each Noteholder, by purchasing the Notes, acknowledges that it has read and understood the Offering Circular, including without limitation the risk factors set out in it.

The distribution of this document and the offer of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Final Terms may come are required by the Bank to inform themselves about and to observe any such restrictions. Details of selling restrictions for various jurisdictions are set out in "*Subscription and Sale*" in the Offering Circular. In particular, the Securities have not been, and will not be, registered under the US Securities Act of 1933, as amended (the **Securities Act**) and are subject to U.S. tax law requirements. Trading in such securities has not been approved by the US Commodity Futures Trading Commission under the US Commodity Exchange Act. Subject to certain exceptions, the Securities may not at any time be offered, sold or delivered in the United States or to U.S. persons, nor may any U.S. persons at any time trade or maintain a position in such securities.

7. PERFORMANCE OF THE INDEX, EXPLANATION OF EFFECT ON VALUE OF THE SECURITIES AND ASSOCIATED RISKS AND OTHER INFORMATION CONCERNING THE UNDERLYING

Information relating to the NIKKEI Index, including its past and future performance and volatility, may be obtained from Reuters page .N225.

In certain circumstances (including at the Note Issuer's option or for reasons of illegality) the Notes may be redeemed early. In such cases, the amount payable will be an amount in cash which shall be the fair market value of a Note less the cost to the Note Issuer and/or its affiliates of unwinding any underlying hedging arrangements, all as determined by the Note Determination Agent in its sole and absolute discretion. If the Warrants cannot be delivered through the clearing systems because of a continuing Settlement Disruption Event, the Note Issuer may deliver the Warrants in another commercially reasonable manner or may instead pay an amount in cash representing the fair market value of the Warrant less the cost to the Note Issuer and/or its affiliates of unwinding any underlying hedging arrangements, all as determined by the Note Determination Agent in its sole and absolute discretion. In the case of an early termination, the Noteholder will not receive the full benefit of any increase in the Index that takes place after the early termination and before the Election Valuation Date.

It is also possible that the Warrants could be terminated early for reasons of illegality. In such a case, the Warrant Issuer will pay to each Warrantholder an amount in respect of each Warrant held by such holder, which amount shall be the fair market value of a Warrant notwithstanding such illegality less the cost to the Warrant Issuer and/or its affiliates of unwinding any underlying related hedging arrangements plus, if already paid by or on behalf of the Warrantholder, the Warrant Exercise Price, all as determined by the Warrant Determination Agent in its sole and absolute discretion. If the Preference Shares cannot be delivered through the clearing systems because of a continuing Settlement Disruption Event, BCCL may deliver the Preference Shares in another commercially reasonable manner or may instead pay an amount in cash representing the fair market value of the Preference Share less the cost to the Warrant Issuer and/or its affiliates of unwinding any underlying hedging arrangements, all as determined by the Warrant Determination Agent in its sole and absolute discretion.

Investors should note that the Note Determination Agent and the Warrant Determination Agent are entities in the same group as the Note Issuer and the Warrant Issuer, respectively, and may therefore be subject to conflicts of interest in performing their respective duties under the Notes and the Warrants.
