BARCLAYS STOCKBROKERS INTERNATIONAL TRADER

Trade in more corners of the globe

International Trader is a state-of-the-art online trading platform, giving UK investors access to international equities. International Trader gives you access to over 12,000 stocks on 26 major global exchanges across 18 international markets. The platform is a smarter way to invest in companies around the world.

If you want to trade in more corners of the globe with the support of a dedicated client service team, market leading research and tools, Barclays Stockbrokers International Trader will take you there.

Benefits of International Trader

- Access to live pricing from many of the world's biggest equity markets
- Stay in touch with global events with live streaming news from Dow Jones and Market News International
- Create a balanced portfolio and stay abreast of market movements with advanced research and stock selection tools
- Identify opportunities and make informed investment decisions with movers, watchlists, tools and charts
- Manage your risk with simple and advanced order types, even when you cannot actively monitor the market
- Tailor the platform to suit your own individual needs and taste
- Monitor how your portfolio performs with online account management and reporting

Some drawbacks of trading international equities

- Investing without advice is not for everyone; if you are unsure you should seek independent advice
- Shares can fall in value and you may get back less than you invested
- Overseas investments may be affected by currency fluctuations which might reduce their value in sterling
